RECEIVED
JUN 19 1984

Dr. Robert C. Hockett
Research Director
The Council for Tobacco
Research - U.S.A., Inc.
110 East 59th Street
New York, New York 10022

Dear Dr. Hockett:

The 1985 Deuel Conference on Lipids has been tentatively set for March 5-8 at the Sonoma Mission Inn, Sonoma, California. Dr. Alexander V. Nichols, Program Chairman, has announced a preliminary program as follows:

Theme: Lipoprotein Structure and Function: From Molecular Biology to Metabolism to Atherogenesis

Sessions are tentatively planned to include:

Opening address: "Intervention Trials to Treatment-Status of Lipid Hypothesis"
Speaker: Dr. Robert I. Levy

Session 1: "Molecular Biology of Lipoproteins"
Speakers: Dr. Katherine Reardon
Dr. Rene LeBoeuf
Discussant: Dr. Robert W. Mahley

Session 2: "Cellular Biology of Lipoprotein"
Speakers: Dr. Robert Hamilton
Dr. Trudy Forte
Dr. Sandra K. Erikson
Discussant: Dr. Daniel Steinberg

Session 3: "Metabolic Interconversions of Lipoproteins: Origins of Lipoprotein Polydispersity"
Speakers: Dr. Donald M. Small
Dr. Ronald Krauss
Dr. Robert W. Mahley
Discussant: Dr. Richard J. Havel

Session 4: "Polydispersity of Lipoproteins: Definition and Interpretation"
Speakers: Dr. Marion Cheung
Dr. Linda K. Curtiss
Discussant: Dr. John Kane

Source: https://www.industrydocuments.ucsf.edu/docs/qmkv0000

Session 5: "Lipoprotein-Cell Interaction: Implication to Atherogenesis"
Speakers: Dr. Margaret Haverlund
Dr. Edwin L. Bierman
Dicusssant: Dr. Alan Fogelman

Closing Address: "New Directions in Research: A Personal View"
Speaker: Dr. John A. Glomset

Because of past support of Deuel Conferences by The Council for Tobacco Research, we are informing you of the forthcoming program for the 1985 conference and again soliciting your financial support. However, due to the conference size limitations, it will be necessary to restrict supporting firms to two participants, with a minimum donation of $1000 per attendee.

As in the past, the Deuel Conference maintains an informal atmosphere, encourages free and open discussion, and is a forum for the presentation of new and unpublished data in rapidly developing new fields of research.

For your information, I enclose a copy of last year's program and a brief description of the Deuel Conference. We would be grateful for your early decision on support for the 1985 conference. If you are able to support the conference, please make the check payable to "The 1985 Deuel Conference" and send it to my attention at The Hormel Institute. We would also appreciate receiving the name of your attendee(s) as soon as possible so program and registration materials may be forwarded to the appropriate person(s).

Sincerely,

Ralph T. Holman
